HOMEWORK 3

Jack Vo, Haru Chu, Nicholas Krouse

The program was coded and executed using Replit.

We had already included 3 test cases, just uncomment one of them at a time to run.

Contribution:

- Jack Vo: debug and formatting general.
- Haru Chu: main, switch case, debug.
- Nicholas Krouse: Deck.h, Card.h, Side.h, introduction in main, playCard function, Test Case 1, edge case testing.

Grade Distribution:

- Same grade for everyone.
